## **RFP QUESTIONS (FAQ's) REQUEST FOR PROPOSAL UTILITY POTHOLING SERVICES 2347-10B**

### **1. Is this a Prevailing Wage Project?**

No, the City checked with Bureau of Labor Industries (BOLI) and because these projects will be completed prior to an award of a public improvement project, prevailing wage rates (PWR) does not apply. However, if an individual potholing project is over \$50K, PWR would apply. The City would notify the contractor that would be completing the project that prevailing wage would apply and what PWR publication to use.

### **2. Is Professional Liability Insurance Required?**

No, even though professional liability insurance is listed in the sample Retainer Agreement and Project Contract, professional liability insurance is not required for utility potholing services. This will be deleted from the Retainer Agreement and Project Contract that the awarded contractors will sign.
